## SUNSHINE AND Scott's Emulsion

are the two great creators of energy. You can get along without Scott's Emulsion if you have enough sunshine, but for the millions who don't get much sunshine, Scott's Emulsion is absolutely necessary. You can always get Scott's Emulsion. Get sunshine, too, whenever you can.

### MONTPELIER.

Largest Boom Derrick in City Collapsed.—Someone May Have Tamped.

Heavy damage was done yesterday at the Ryle & McCormick granite shed, when the boom derrick, the largest in the city, collapsed as the machinery was started after the noon hour. No one was injured. It will be expensive work getting the derrick replaced or repaired and the delay to the filling of orders will also be costly. It is surmised that some one tampered with the cables during the noon hour, as everything seemed all right during the forenoon. As soon as the machinery was started after dinner, the whole derrick collapsed.

Insurance adjusters have settled the loss on the R. J. Detollines shed, recently destroyed by fire, for \$3,500.

The Moriarty Lumber company of Watfield has filed articles of association with the secretary of the state.

The capital stock of the company is \$40,000, divided into 40 shares of \$100 each and the signers are Walter H. and Alice M. Moriarty of Watfield and Daniel F. Moriarty of Montpelier.

The Montpelier lodge of Elks held its annual meeting last night and elected the following officers: Exalted ruler, W. E. Poole; esteemed leading knight, Edward Goddard; esteemed loyal knight, Ray Huse; esteemed lecturing knight, James Peck; secretary, Charles Parker; treasurer, G. E. Megrath; trustee for three years, A. B. Shepard; Tyler, Fred E. Ryle; delegate to grand lodge, James S. Haley; alternate, T. E. Callahan.

Among those from away were E. P. Smith, district deputy, Messrs. Lyman and Wood of Rutland and Jack Rushlow of Burlington.

The board of trade held its monthly meeting last night and an enthusiastic session was held in talking over plans for the future welfare of the city.

First of all, W. C. Colton, president of the board, stated that the state teachers' convention is to be held here with a probable attendance of 1,000. It was decided to have the annual banquet of the board March 28 at the Pavilion hotel, and Senator W. P. Dillingham will give the address of the evening on "Reciprocity." Academicism is now up for consideration whereby the city would receive some advertising through a "Made in Montpelier" campaign. The idea of this is to have circulars printed about the various industrial trades, the insurance business, Vermont maple sugar and the summer beauties of the capital city and vicinity and enclosed in business letters sent out from here. All business and professional men would have to co-operate in order to have the plan a success.

A speaking contest was held at the high school auditorium last night, which was won by the Gamma Sigma society over the X. L. C. R. society of the same school. Those representing the winning society were John R. Berry, Gladys McCormick, Frances Barber, Edward Richardson and William Bartlett, while those from the X. L. C. R. society were Marjorie Jones, Saul Segel, Helen Ryle, Islay Strachan and Helen Bowman. The judges were Rev. E. C. Downey of Barre, Miss Mabel Hamilton of the seminary and E. D. Field of the school board. Mrs. Kate E. Terrell had charge of the speaking and Cecil G. Egg the music, which was furnished by a double quartet, mixed chorus and Miss Gladys Tupper in piano solo. William Bartlett, one of the winners, was ill and confined to the bed, but came and delivered his oration and was immediately taken home afterward. Next term the winners will have a friendly contest with Montpelier seminary.

### WEST BERLIN.

D. E. Colby was called to Colebrook, N. H., last week by the illness of his mother.

Miss Carrie Leet is working for Mrs. Lee S. Blanchard and Miss Kennedy has gone to her home at West Topsham.

A. E. Lagare has purchased the interest of B. L. Gardner in the meat market and will conduct the business alone.

A. S. Clark visited his daughter, Mrs. W. A. Reid of Montpelier and Mrs. S. Anderson of Waterbury, over Sunday and Monday.

Mr. and Mrs. M. H. Whitehill went to St. Johnsbury Saturday for a week's stay with the family of their son, G. W. Whitehill.

The Pythian Sisters initiated one candidate at their regular meeting last night. After the work, refreshments were served and a social hour passed.

Mrs. Jack Jones returned from St. Johnsbury Saturday, where she was called two days ago by the severe illness of her little granddaughter with bronchitis. The little one is recovering.

Mrs. C. C. Lord and children of St. Johnsbury visited here the last of the week. On their return home Saturday, they were accompanied by Josephine Frost for a week's stay.

Mrs. A. W. Crown is taking orders for the Grand Union Tea company during the absence of her husband, who will continue the business on his return from Manchester, N. H. The report that Mr. Blanchard had taken the agency was an error.

### Aldermen Resent "Muck-raking."

Some of the Burlington aldermen resent the "muck-raking" by the Burlington Daily News as to the city's financial condition. At the meeting of the board Monday night a resolution was introduced by Alderman McCaffrey, setting forth that the statements in The News were not based on accurate figures and that it be the sense of the meeting that the proprietor of the paper be severely censured by the city officials for printing the article. Some discussion arose over this resolution. Mayor Burke informed the members of the board that the city treasurer had told him Monday that some of the figures shown in the article and the applications made of them were absolutely false, and based upon entirely wrong conclusions. The mayor also called the attention of the board to the fact that the inference contained in The News article that the accounts of the municipal lighting plant had been "juggled" was a direct intimation that there had been collusion on the part of the city officials, the electric light commissioners and those employed in a clerical capacity in the municipal light office. This inference, said the mayor, should be resented by every member of the board, in order that the public might know the real facts concerning the lighting plant. There was much talk concerning the "roxy headlines" in newspapers and what articles a board of aldermen should resent. It was finally decided to refer The News article to City Treasurer Grant, together with any others that the paper might publish, and request Mr. Grant to return a true statement of the financial status of the lighting plant. This report will then be put up to The News by the aldermen with a request that the true facts, as the city officials see them, may be presented to the public.

### A Fleecy Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it awoke Lewis Chamblin of Manchester, N. H. (R. R. No. 21 for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote, "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, hay fever, a gripple, whooping cough, bronchitis fly before it. 35c and \$1.00. Trial bottle free. Sold by the Red Cross Pharmacy.

### WHO PATRONIZE SAVINGS BANKS.

It is an interesting fact that conservative, shrewd, level-headed business men are coming more and more, year by year, to avail themselves of savings banks as depositories of their surplus funds.

Four per cent. interest, compounded semi-annually and free from all taxation, is fast making savings banks the custodian of the money of nearly all save the reckless, get-rich-quick class, who, three times out of four, find themselves with the principal gone after a few reckless ventures.

The Lamont County Savings Bank & Trust company offers to depositors the highest measure of savings bank safety, indicated by the fact, for fact it is, that it has been so conservative in its handling in the matter of investments that in the entire twenty-two years since its organization it has never lost a dollar by a poor note.

It invites inspection and investigation from all prospective depositors, and it assures the depositing public that according to the best obtainable knowledge it does not to-day, among its entire two million and more dollars of assets, have a single dollar invested in securities that are not good.

Safety, rather than high rates of interest, has been the first consideration in the management of this bank in the past and will continue to be in the future.

Under the new law, the bank can receive any sum which the depositor wishes to place in its keeping and pass all taxes thereon, and it would be pleased to receive your deposit.

For any desired particulars, address the treasurer, F. M. Culver, or the president, Carroll S. Page, Hyde Park, Vermont.

To those entrusted with large sums for investment, the reputation and integrity of the concern with whom they deal is most important.
